

NORTHERN CALIFORNIA CHAPTER  
SEPTEMBER / OCTOBER NEWSLETTER

Greetings from the Northern California Chapter. Summer is in full swing and I know of several Northern California Chapter members that are on their way to attend the ACC pre rally in Canyonville, Oregon. Nancy and I would love to be there but commitments here at home prevented our trip.

Sadly, I have to report the passing of long time Northern California Chapter member, Don Lawrence. Don and his wife Terri had been very active in the chapter until a couple of years ago. Our condolences go out to Terri and the family.

Hopefully when you read this newsletter most of you will be getting the coaches ready to attend the ACA National Rally in Las Vegas. Laura Bruno has assured me that this will be a rally we won't soon forget. Northern California Chapter members are encouraged to sign up a day or two early and join us at Sam's Town RV Park and see some of the things that Las Vegas has to offer before the rally officially begins.

I recently received a note that Earlene Alves has been in UC Davis Medical Center for over a month with a serious illness. Please keep Earlene and husband Frank in your prayers.

We are still looking for a member to host a rally. If anybody has any ideas please feel free to contact me. I think about the only dates we may want to avoid would be the time right before and right after the ACA National Rally in Memphis.

Not much else to report so travel safe and please remember the men and women of our Armed Forces that work so hard to maintain our freedom.

George Borecky, President  
Northern California Chapter
