

Greetings from Northern California! This is my second newsletter and as I get up to speed on being president of our chapter. I have to thank our past board for their work and commitment to our organization. George, our immediate past president and his wife Nancy Borecky have been enjoying some beach time in San Diego. CJ King and I are planning to play golf at our next rally. Leslie and Mike Pettinger seem to be traveling all over the country and are very busy with American Coach Chapter of FMCA. Ann Forward is making plans for our upcoming rally in Bodega Bay. Terry Bennett is doing a great job as our current membership chair. This group led our chapter with enthusiasm and character that I may not be able to match but, I'll give it a try.

As I write this newsletter, I am looking forward to our chapter rally in Bodega Bay, California on September 7th -10th. The Forward's and Hibel's have it all planned and the agenda looks great. We have a great group of members signed up. I'm betting on good weather and hoody sweaters for the northern coast.

October 3rd – 7th is the date for our Western Area Rally in Las Vegas. Merritt Mosby, president of the Northwest Chapter is organizing a caravan from Reno to Las Vegas via Highway 395. You can contact Merritt at maceagle@oregonfast.net if you would like to join the caravan anywhere along the route. There is plenty of promotion in this issue of ACA Across America for this rally so I will not repeat it here. My wife would say that participation in the rallies is fun and entertaining. As for me and all the other boring people, and you know who you are, the rallies are interesting and informative. So, no matter why you come, we look forward to seeing you there.

Jeannine and I have traveled about 5,000 miles so far this year. We have had almost no repairs, the jacks have worked every time and the full wall slide moved in and out perfectly. Even with \$4.00/ gallon fuel, I cannot think of a better way to travel around our country.

Until next time, check us out on Facebook.

Glenn Caldwell, President
NorCal president
